

INSTRUMENT RATING TRAINING ENDORSEMENT

BUILD YOUR INSTRUMENT HOURS WHILE YOU TEACH

#TheSkylsCalling

BUILD INSTRUMENT FLIGHT HOURS WHILE TEACHING

Are you an instructor looking to build your instrument hours? The **Instrument Rating Training Endorsement** is designed to give you the knowledge, skills and teaching capability to conduct flight training for the issue of an Instrument Rating training approval.

Adding **Instrument Rating (IFR) training approval** to your abilities will allow you to substantially build your IFR experience whilst instructing. The course follows the CASA syllabus, and includes both simulator and practical flight training

SINGLE & MULTI ENGINE COURSE OPTIONS

Learn To Fly offers both single and multi-engine course options with a range of aircraft to choose from including the Diamond DA40, Cessna 172, Diamond DA42 and Piper Seminole. Simulation training is conducted in our state-of-the-art TRC 372 (Cessna 172) or Alsim AL42 (Diamond DA42) synthetic trainers.

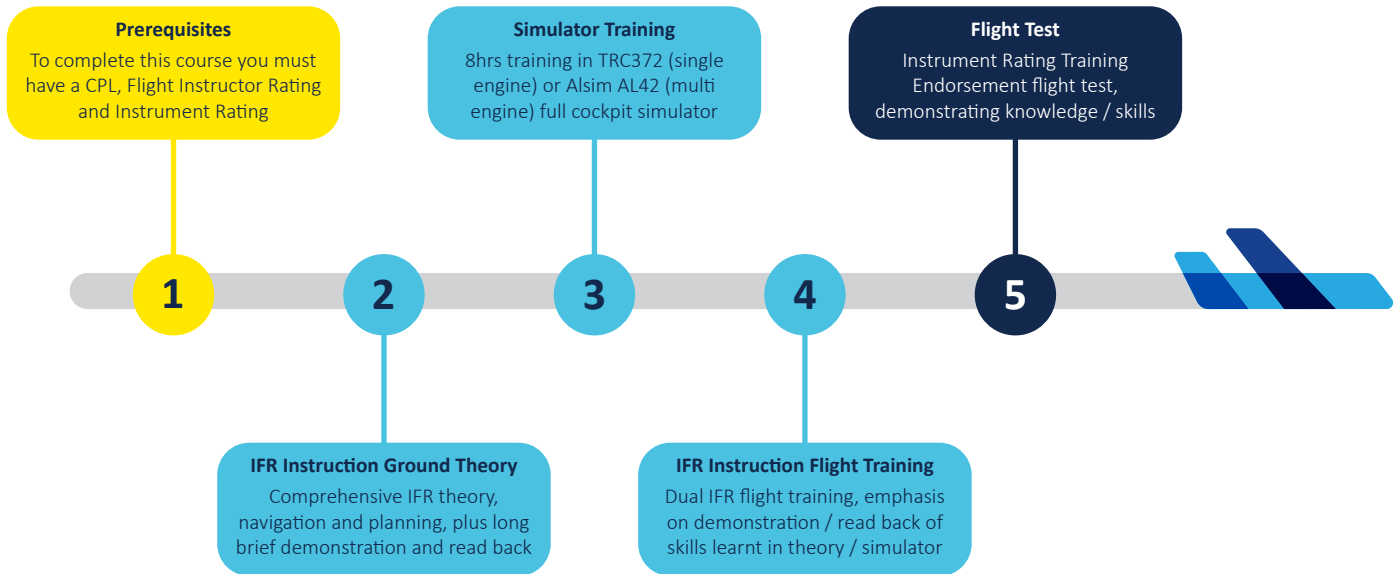

To be eligible to complete an **Instrument Rating Training Endorsement**, you must hold a Commercial Pilot Licence (CPL), Flight Instructor Rating (FIR), and an Instrument Rating. If you don't yet hold a Flight Instructor Rating, chat to one of our flight training specialists about completing the course with us.

TRAINING PROCESS & COURSE SYLLABUS

INSTRUMENT RATING TRAINING ENDORSEMENT COURSE PROCESS

INSTRUMENT RATING TRAINING ENDORSEMENT COURSE DURATION

FULL TIME 2-3 WEEKS

Flying and studying 4-5 days per week

PART TIME 6-8 WEEKS

Flying and studying 1-2 days per week

*Average duration based on past students. Course duration will depend entirely on individual student time commitment.

AIRCRAFT SELECTION

DA40

Diamond Aircraft

Continental CD-135 Engine/Lycoming IO-360
Garmin G500 or Garmin G1000 Avionics
Maximum Take-Off Weight (MTOW) 1150/1200kgs
Cruising Speed 130kts
4 Seater

172 SKYHAWK

Cessna

Lycoming IO-360-L2A Engine
Garmin G430 Avionics + Analogue Instruments
Maximum Take-Off Weight (MTOW) 1100kgs
Cruising Speed 122kts
4 Seater

DA42

Diamond Aircraft

Continental CD-135 Engine x 2

FADEC single lever power controls

Garmin G1000 Avionics

Maximum Take-Off Weight (MTOW) 2000kgs

Cruising Speed 150kts @ 60% Power

4 Seater

PA44 SEMINOLE

Piper

2 × Lycoming O-360-E1A6 Engines
Garmin G430 Avionics + Analogue Instruments
Maximum Take-Off Weight (MTOW) 1700kgs
Cruising Speed 162kts @ 70% Power
4 Seater

FLIGHT PACKAGE & LICENCE OPTIONS

INSTRUMENT RATING TRAINING ENDORSEMENT FLIGHT PACKAGE

Package		Single Engine	Multi Engine
Practical Flight Training (Dual)		5.5 Hours	5.5 Hours
Practical Simulator Training (Dual)		5.5 Hours	5.5 Hours

You will be charged based on the current pricing schedule at the time of booking. Current as at DEC 2025.

OUR GRADUATE: **NICK HARRIS**

"The Instrument Rating Training Endorsement is a great course for Flight Instructors who are looking to gain more instrument flying time, by teaching students in IFR conditions. Learn To Fly's highly realistic AL42 (Diamond DA42) flight sim allows you to train instrument approaches with the exact same cockpit layout as the actual aircraft" – Nick Harris (Grade 1 Flight Instructor at Learn To Fly Melbourne)
